

Best Vineyard of the Year

The Global Winery team have over thirty-five years of experience in the UK wine trade, both buying and selling wine. We are pleased to offer quality wines from Chile, Italy and South Africa. In our opinion Chile offers great value wines of a consistently high quality. We also have our Bei Tempi range of wines from Italy. We're pleased to announce the addition of a new range of wines from South Africa, 'The Fish Wives Club. A stunning Sauvignon Blanc, a pale and dry Pinotage Rosé and an oak aged Merlot.

In November 2021 the Aromo Winery became 'Best Vineyard of the year' 2021 in the annual Catador World Wine Awards. A superb achievement and we are proud to represent the Aromo, family owned, wine company.

Pages 4 to 7 illustrate the Aromo varietal ranges including a Sauvignon Blanc, Chardonnay, Viognier, Syrah Rosé, Carmenere, Merlot and Cabernet Sauvignon. We're pleased to add both red and white País. We'll also be listing half bottles in Sauvignon Blanc and Cabernet Sauvignon. All estate bottled and steel fermented. Page 8 lists the Private Reserve range.

Many have come to accept Malbec from Argentina, but the Aromo Private Reserve Malbec is exceptional.

Whilst the UK continues a love affair with prosecco (look at page 11 for our 'Bei Tempi' or 'Good Times' Brut DOC prosecco from Veneto) we are all looking to experiment with other sparkling wines and please see the Aromo Brut on page 9.

All our wines are distinctive wines from both individual wineries (estate bottled) and co-operatives. We're more than happy to offer our wines as in our experience they are wines of consistent quality, consistent style, and all with individual character. They are well made and good value for money.

Our aim is to provide our customers and their customers with fantastic wines and service having supplied high quality wines so that every bottle opened is an enjoyable experience.

New additions from the Aromo family winery

THE
GLOBAL
WINERY LTD

Aromo Red País

Harvested by hand, the vinification is carried out, uncovered, to retain the fruit and maximise tannin retention. The nose is one of strawberry and cherries, with a light body and a slightly sweet finish. Aromo Red País is Chinon and Beaujolais like, very good served at room temperature or slightly chilled. A light red wine that goes really well with vegetable and/or meat stews, omelettes and stuffed zucchini.

Aromo White País

The harvest is manual, the grape is destemmed, ground and cooled to be immediately pressed, and a very clear and colourless juice is obtained. The wine is pale yellow in colour, with hints of white flowers and quince on the nose. It has a medium acidity and aromatic flavours. Aromo White País is highly aromatic and great with Asian and oriental food.

We are very excited to now be listing these two Chilean País wines. We're seeing a growing interest in a red País and are very happy to be one of first UK importers of a white País wine. País is the signature wine grape of Chile, where it first arrived in the 1500s courtesy of Spanish missionaries. The grapes were grown for communion wine. Over the centuries the vines, grapes and the wines were disregarded and ignored. A País vineyard can be recognized by the ad hoc planting of the vines rather than the laser planted straight lines in more recently planted vineyards around the world. The vines are almost bush like. Only during the past ten years have the grape varieties and wine found favour as the 'home' grape of Chile.

Carmenere

Deep garnet red, the nose has herbaceous, cherry and green pepper notes, on the palate there are ripe, velvet tannins and a stylish fruit finish.

Cabernet Sauvignon

This is a full bodied wine made from the grape variety of the same name. It has tannins and a full blackberry flavour. This variety was originally a hybrid grape from the Cabernet Franc and Sauvignon Blanc grape varieties.

All three of these red grape varieties are originally from France. However, in recent years, the French have ignored the Carmenere variety that grows particularly well in the Maule valley, in Chile. This is a slightly spicy grape variety resulting in a Syrah/Shiraz like nose, flavour and finish.
